About Us

Reach Commercial Finance is an independent financial brokerage with more than 25 years' experience in helping businesses secure funding.

By working with us, our clients invest in a resource of professional industry knowledge with a record of finding solutions tailored to specific business finance needs.

Invoice Finance

Provides the complete answer to slow-paying customers and a shortage of working capital.

Confidential Invoice Discounting is available to retain ownership of the sales ledger management, or outsource the credit control function through a full Factoring facility. Other ad-hoc and flexible solutions do exist for single debtor or selective invoice finance.

Asset Finance

Asset Finance can be used to release working capital or help purchase new equipment.

We provide a range of flexible funding options including Hire Purchase, Leasing and Refinancing, enabling the purchase of assets to grow the business or unlock working capital.

We also offer bespoke packages to maximise these facilities in conjunction with either Factoring or Invoice Discounting, allowing us to raise even more money.

Trade Finance

Trade Finance can assist to remove the payment and the supply risk for those involved in the trade cycle.

It can assist with either a confirmed order, or the shipment of goods, helping bridge the gap between paying suppliers and receiving money from buyers.

Property Finance

A commercial mortgage could help release cash tied up in what is often the most valuable business asset.

Bridging Finance could help with a short-term funding gap, with decisions available in some cases inside 48 hours.

Alternatively, we can look to refinance a current facility in order to secure more attractive rates or release equity.

Loans

Loans are available for a wide range of purposes that can often address funding gaps that exist within most businesses.

Loan schemes are available directly from the Government, or from local authorities and other bodies to assist businesses raise finance.

Bad Debt Protection

Bad Debt Protection safeguards businesses against the failure of a customer to make payment.

Together with the benefit of your existing credit controls, it helps mitigate risk and keeps businesses trading profitably.

Protecting against the failure of customers can be as flexible as required.

Optimise

Optimise understands exactly what a funder expects from any client and what the business wants from its Invoice Finance package.

We can review movements in the facility and highlight in a monthly report where it's working and where it isn't. We also have a dedicated helpdesk for Invoice Finance related questions.

We can help improve cashflow and ensure the facility is value for money.
